

Forces Around Us

Corresponds to QuickReads Level B, book 3,
Science, Forces Around Us

Energy

(en·er·gy)

Riding a bike and skateboarding take energy to do.

Gravity

(grav·i·ty)

Object
(ob·ject)

Friction
(fric·tion)

This ball is an object. When the ball was in motion on the grass there was friction between the rough grass and the ball.

Rough
(rough)

Floor
(floor)

Smooth
(smooth)

Tree bark (left) is rough but a hardwood floor (right) is smooth.

Wagon

(wag·on)
