

# SuccessMaker®

## PROFESSIONAL DEVELOPMENT

### PARTNERSHIP PLUS

Partnership Plus is the ideal package for large districts. Partnership Plus offers our most powerful and flexible form of support with a full-time, dedicated consultant to provide you with up to 140 days of support over the course of 12 months. Providing the highest level of ongoing support, training and guidance, these Education Specialists not only mentor and train staff, they also support planning and progress monitoring at all levels of the implementation.

#### Benefits:

- Highly customized implementation planning and recommendations to ensure success right from the start
- On-site Training and Support for Instructional Staff, School and District-Level Administration so all parties are prepared for the implementation
- Flexible modes of delivery for training and support to alleviate scheduling constraints and meet your varied and ever-changing needs
- A liaison between district and schools, and schools and teachers to ensure clear, effective communication
- Support ensuring consistent *SuccessMaker* goals and usage across all levels of the implementation to maintain the fidelity of the implementation
- Timely and effective in-person, in-class support provides the greatest impact with immediate, point-of-need training, coaching and modeling
- Regular progress monitoring, feedback and suggestions from an expert to keep the customer on track and ensure increased, continued success

### Support & Resources

Regardless of your district size or level of services purchased, Savvas offers a complete, ongoing network of support with all *SuccessMaker* services packages.

**Individualized Implementation Plans** are crafted by the Education Specialist to outline your district's goals, benchmarks and steps towards improving student outcomes with *SuccessMaker*. It is updated throughout the year as the implementation grows and changes with the needs of the teachers, students and school.
