# INVESTIGATIONS

IN NUMBER, DATA, AND SPACE®

Program Author

## Annie Sussman

Education Research Collaborative, TERC  
Cambridge, Massachusetts

Since joining TERC in 2015, Annie has worked on the development and writing of the 3rd edition of *Investigations in Number, Data, and Space*®. A former elementary school teacher, Annie has experience using the *Investigations* curriculum in grades 1-4.

Her current projects include designing professional development to support mathematics teaching and learning through use of the *Investigations* curriculum, and work on two research studies that examine ways to effectively support student engagement in the Standards for Mathematical Practice.
