

# #1 Math with Adaptive Practice

The #1 **enVision** math curriculum now offers adaptive homework and practice powered by Knewton™. It's easy-to-use and available for every lesson on PearsonRealize.com. A single sign-on lets you easily assign adaptive practice and monitor student progress on the same platform. Personalize the learning experience, support individual student needs, and ensure every learner makes progress.

No two assignments are alike, because no two students have the exact same needs.

- Gives every student individual attention
- Scaffolds learning in real time
- Offers students the exact instruction they need
- Adjusts the amount and difficulty of practice
- Provides actionable, easy-to-use analytics

## Easy, Seamless Integration

Knewton adaptive practice is integrated with the **enVision** digital curriculum. Student instruction, practice, and data are all in one place.

Pearson

POWERED BY  KNEWTON

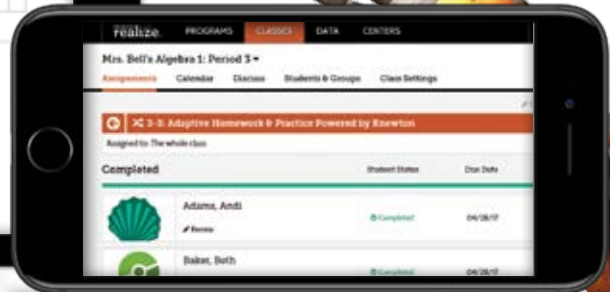

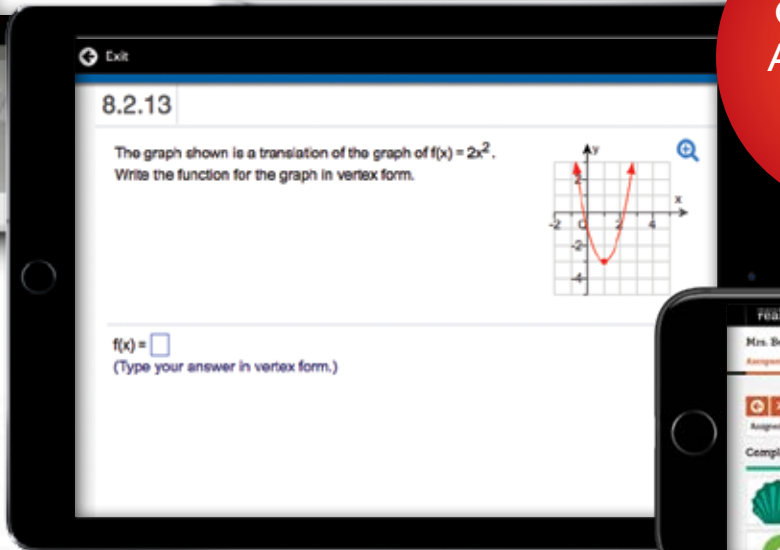

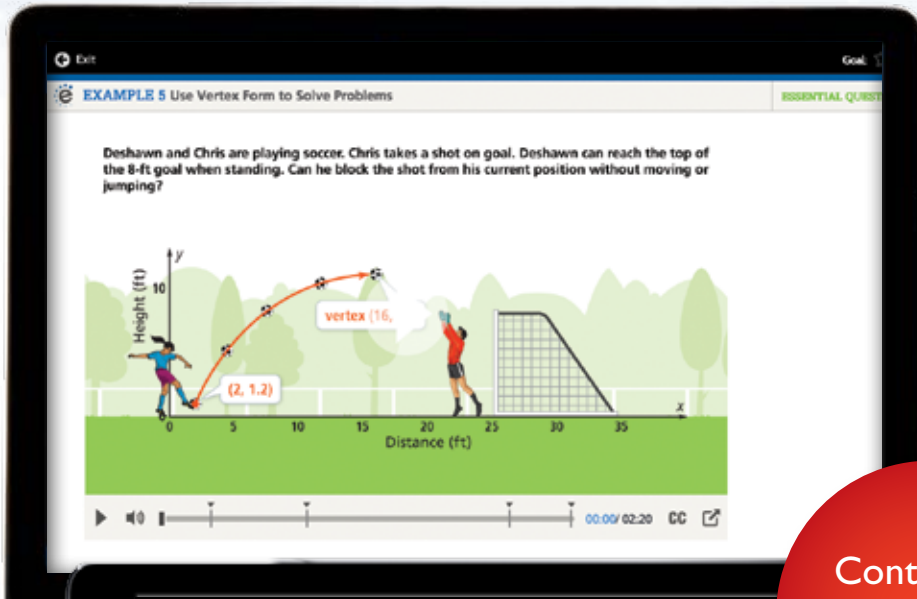

Students get the personalized attention they need when you're not there.

### Instruction, Not Just Practice

When students struggle or have misconceptions, Knewton serves up a **personalized instructional** task in real time.

Continuous  
Adaptivity in  
Real Time

### Personal Learning Pathways

Knewton mines student performance with every response. It provides each student with a personal learning pathway at every moment.

### Actionable, Easy-to-Use Analytics

Knewton provides clear, usable analytics for teachers. Fine-tune instruction to benefit individual students and the whole class.
