

enVisionmath2.0 for School Administrators via EasyBridge Plus

Introduction

This handout provides steps for school administrators to login to Savvas EasyBridge Plus and assign products to classes for your teachers.

Request a School Administrator Account

For school administrators who do not have a username and password to EasyBridge Plus, please follow the steps below to request an administrator account.

1. Go to <https://support.savvas.com/support/s/administrator-request-support-form>.
2. Under *Type of Administrator Accounts*, select *School Administrator* and then click **Continue**. School Administrators manage one school and are appointed by the principal. All administrator accounts requested on one form will have the same level of access.
3. Complete page two of the form and click **Continue**.
4. On page three, enter the required information to request one or two administrator accounts. For three or more administrator accounts, click **Download the template**. Follow the on-screen instructions to complete and then upload the file. Enter the required letters and/or numbers in the Captcha field and click **Continue**.

Pearson

Curriculum Administrator Request Form

EasyBridge, Pearson SuccessNet, Pearson Realize and For EasyBridge Plus and EasyBridge Auto
An administrator account provides the ability to associate digital curriculum products to classes and manage secondary (backup) credentials using tools on Pearson EasyBridge.

For EasyBridge Basic
An administrator account allows you to manage user accounts and upload class rosters for Pearson SuccessNet, Pearson Realize, Dash, and Online Learning Exchange (OLE - school admin only). Teacher self-registrations are managed by individuals with a school or district administrator account.

All administrators can run school and district-level reports on Pearson SuccessNet and Pearson Realize with the purchase of digital licenses for products on one or both learning platforms.

Access EasyBridge Plus

EasyBridge Plus provides auto rostering directly from your Student Information System (SIS) for classes in your school. Login to EasyBridge Plus to assign products to specific classes in bulk or individually.

1. Go to SavvasEasyBridge.com.
2. Sign in using your school administrator credentials.

Add Classes to Products

After logging in to EasyBridge Plus, you will immediately be on the **Auto Rostered Classes** tab. Go to the Products tab to add *enVisionmath2.0 custom grade X* or *enVisionmath2.0 Common Core en español [Grade X] 2016* to multiple classes. You can filter on the Learning system and Product name to narrow down the list of products.
