

## Teacher Access to enVisionmath2.0 via EasyBridge Plus

You can access Savvas EasyBridge Plus and assign enVisionmath2.0 to your classes.

### Sign in to EasyBridge Plus

Accessing EasyBridge Plus requires only a few steps.

1. Go to [Savvaschool.com/nyc](https://Savvaschool.com/nyc).
2. Click the yellow *Digital Access to Core Curriculum* button.
3. Click the **NYC EasyBridge Plus Login** link. You will be redirected to a district login page.
4. Enter your district network username and password. EasyBridge will open in a new browser tab. Here you can view student rosters and access [enVisionmath2.0](#) on Realize.

Once you have logged in, you can view content for your classes, add enVisionmath2.0 to your classes, and go directly to the learning platforms.

### Access Products

There are two easy ways to access your products. Follow the steps below to either access the product for a specific class, or go directly to the learning platform.

1. Login to EasyBridge using the instructions above.
2. Locate the class for which you added enVisionmath2.0.
3. Click the blue triangle to the left of the class name to expand the products.
4. Click the link for *enVisionmath2.0 Custom Grade X*. A new window will open in your browser and take you to Savvas Realize where you can begin using your product.
5. Alternatively, click the button for Realize under *Learning systems* to the right of your classes. A new window will open in your browser and take you to Realize where you can begin using your product.

The screenshot shows the SAVVAS EasyBridge interface for a user named Helen. The page title is "Classes & Products" for the "2021 School Year". At the top, there are navigation links: "Welcome Helen", "Help", "Support & Training", "Settings", "Sign Out", and a "Plus" button. Below the title, there are tabs for "Current classes", "Future classes", and "Past classes". The "Current classes" tab is active, displaying a table of classes. A red arrow points to the "3rd Grade Math - 3(A) - YR-21" class, and another red arrow points to the "enVisionmath2.0 Custom Grade 3" product link. To the right, there is a "Learning systems" sidebar with buttons for "MathXL<sup>®</sup> for School resources", "Pearson eText for Schools", "SAVVAS SuccessNet", "Dash", "SuccessMaker<sup>™</sup>", "ClassView", and "SAVVAS realize.". A red arrow points to the "SAVVAS realize." button. At the bottom left is the SAVVAS Learning Company logo, and at the bottom right is a chat icon with a notification bubble.

Class Name	Student Roster	Products	Action
3rd Grade English - 2(A) - YR-21	Student Roster	Products ( 0 )	Add Products
3rd Grade Math - 3(A) - YR-21	Student Roster	Products ( 1 )	Manage Products
enVisionmath2.0 Custom Grade 3 <a href="#">↗</a>			
3rd Grade Science - 5(A) - YR-21	Student Roster	Products ( 0 )	Add Products
3rd Grade Social Studies - 4(A) - YR-21	Student Roster	Products ( 0 )	Add Products
Homeroom - 1(A) - YR-21	Student Roster	Products ( 0 )	Add Products

**Note:** Please ensure that you and your students close all browser windows at the conclusion of each EasyBridge session.

## Add Products to Classes

If you do not see a product associated with your class, you can easily add it using the steps below.

1. **Login** to EasyBridge using the instructions above.
2. Locate your **Math** class for which you would like to add products. (**Note:** You may see several other classes listed. Be sure to locate your math class.)
3. Click **Add Products**.
4. Find the product for your class by either selecting the learning platform from the *Platforms* drop down menu, or entering the product name. Add a checkmark next to the product, and then **Save**.
