

# My Math Log

Date: \_\_\_\_\_

## What was the problem? How did you solve it?

*"The problem asked me to \_\_\_\_\_, and I solved it by \_\_\_\_\_."*

## How did you use math tools and strategies?

### STRATEGIES:

- Draw a picture, or a number line
- Write an equation
- Check your answer
- Use different solutions

### MATH TOOLS:

- Number Line
- Objects
- Technology
- Paper and pencil

## What next steps will you take?

*What is something about this problem that you can SHARE with your family?*

*How can you USE THIS MATH to think about the things or people around you?*

*What is ANOTHER PROBLEM you can create that is similar to this problem?*
