

Teacher Access to Digital Curriculum via EasyBridge Plus

You can access Savvas EasyBridge Plus and assign products to your classes.

Sign in to EasyBridge Plus

Accessing EasyBridge Plus requires only a few steps.

1. Go to savvas.com/nyc.
2. Click the green **Access Digital Content** button. This takes you to the NYC DOE Sign In page.
3. Enter your district network username and password. EasyBridge will open in a new browser tab. Here you can view student rosters and access products on Realize.

K-5 Teachers -- Be sure to first **complete** your schedule in STARS.

6-12 Teachers— Be sure to **finalize** your schedule in STARS.

Once you have logged in, you can view content for your classes, add your product to your classes, and go directly to the learning platforms.

Access Products

There are two easy ways to access your products. Follow the steps below to either access the product for a specific class, or go directly to the learning platform.

1. Login to EasyBridge using the instructions above.
2. Locate the class for which you added a product(s).
3. Click the blue triangle to the left of the class name to expand the product(s).
4. Click the link below the class name for the product you would like to go to. A new window will open in your browser and take you to Savvas Realize where you can begin using your product.

ClassView

SAVVAS realize.

5. Alternatively, click the button for Realize under *Learning systems* to the right of your classes. A new window will open in your browser and take you to Realize where you can begin using your product.

Note: Please ensure that you and your students close all browser windows at the conclusion of each EasyBridge session.

Add Products to Classes

If you do not see a product associated with your class, you can easily add it using the steps below.

1. **Login** to EasyBridge using the instructions above.
2. Locate your class for which you would like to add products.
3. Click **Add Products**.
4. Find the product for your class by either selecting the learning platform from the *Platforms* drop down menu, or entering the product name. Add a checkmark next to the product, and then **Save**.

Note: If using enVisionmath2.0, select the following based on the language needed:

- **enVisionmath2.0 Custom Grade X** for English
- **enVisionmath2.0 Common Core en español Grade X 2016** for Spanish
