Introduction

This document demonstrates how **Pearson iLit ELL** meets the objectives of the Arizona English Language Proficiency Standards 2019. Correlation references are cited by feature and unit and lesson number.

Pearson's *iLit* is a comprehensive literacy solution designed to produce two or more years of reading growth in a single year. *iLit* is based on a proven instructional model that has produced successful results for students in districts across the country for more than a decade. *iLit* has been carefully crafted to meet the rigors of the Common Core State Standards and prepare students for success on the new assessments. Individual, small group, and whole-class instruction is personalized based on a constant stream of data from a wide range of embedded assessments, including text-based performance tasks.

iLit engages students like no other reading program through its vast e-library of high-interest texts, instant coaching and feedback for scaffolded support, engaging activities, and built-in reward systems that motivate students and track their progress.
