<sup>1</sup> These standards were originally produced by the Common Core State Standards Initiative, a state-led effort coordinated by the National Governors Association Center for Best Practices and the Council of Chief State School Officers. California additions were made by the State Board of Education when it adopted the Common Core on August 2, 2010 and modified pursuant to Senate Bill 1200 located at <http://tinyurl.com/CASB1200> on January 16, 2013. Additions are marked in bold and underlined.
