A Correlation of World History, Survey Edition to the Michigan Standards for Social Studies 2019, High School World History and Geography

Introduction

This document demonstrates how **World History**, Survey Edition meets the Michigan Standards for Social Studies 2019, High School World History and Geography. Correlation page references are to the Student Edition, Teacher Edition, and Realize digital resources.

The *World History* program is designed to help prepare students to be college and career ready all while unlocking the exciting story of our nation's history, *World History* invites students to explore the enduring issues that continue to shape our nation's history. The program bridges time-tested best practices, curriculum standard expectations, and technology to help prepare students to be college and career ready all while unlocking the exciting story of our nation's history. The program is available in print, digital, and blended options.

The *World History* program uses a research tested four-part learning model to enhance teaching and understanding.

1. **Connect:** Students make learning personal as they connect to content through a story and activate their prior knowledge, personal experience, and perspective.
2. **Investigate:** Students actively learn, investigate, and acquire key content knowledge through a variety of components both in print and digital.
3. **Synthesize:** Students extend their understanding by applying what they just learned in a quick recap and “pull-it-all-together” exercise before they move on to the next lesson.
4. **Demonstrate:** Students demonstrate their understanding through a variety of authentic, formative, and summative assessments.

Technology Reimagined with Pearson's Realize™ Platform

- eText Student Edition with valuable tools for individualized instruction, remediation, or enrichment
- NBC Learn™ MyStory Videos that engage students in every chapter
- Interactive Reading and Note Taking Study Guide allows for differentiated instruction and assessments
- Online Lesson Planner; Standards-based planner that helps to save prep time.
- Assessments; built-in progress monitoring includes both formative and summative assessments
- Teacher Lesson Plans with point-of-use resources
- Flipped Videos available to assign to students or serve as quick refreshers

<p>2 Applying Disciplinary Concepts and Tools The four disciplines within social studies provide the intellectual context for studying how humans have interacted with each other and with the environment over time. Each of these disciplines — civics, economics, geography, and history — offers a unique way of thinking and organizing knowledge as well as systems for verifying knowledge. Dimension 2 focuses on the disciplinary concepts and tools students need to understand and apply as they study the specific content described in Michigan’s state standards.</p>	<p>Dimension 2 is addressed in the Foundation standards which are correlated below.</p>
