Introduction

This document demonstrates how **Savvas Economics, ©2016** meets the Missouri Social Studies Grade and Course Level Expectations 2.0 for Economics, High School.

Savvas is excited to announce its NEW *Economics* program! Helping students build an essential, life-long understanding of core economics principles. *Savvas Economics* features motivating hands-on activities, interactive graphics, animations, and videos to help build relevant economic literacy. The program bridges time-tested best practices, curriculum standard expectations, and technology to help prepare students to be college and career ready. Available in print, digital, and blended options.

Savvas Economics program uses a research tested four-part learning model to enhance teaching and understanding.

1. **Connect:** Students make learning personal as they connect to content through a story and activate their prior knowledge, personal experience, and perspective.
2. **Investigate:** Students actively learn, investigate, and acquire key content knowledge through a variety of components both in print and digital.
3. **Synthesize:** Students extend their understanding by applying what they just learned in a quick recap and “pull-it-all-together” exercise before they move on to the next lesson.
4. **Demonstrate:** Students demonstrate their understanding through a variety of authentic, formative, and summative assessments.

Technology Reimagined with Savvas’ Realize™ Platform

- eText Student Edition with valuable tools for individualized instruction, remediation, or enrichment
- NBCLearn™ MyStory Videos that engage students in every chapter
- Interactive Reading and Note Taking Study Guide allows for differentiated instruction and assessment
- Assessments; built-in progress monitoring includes both formative and summative assessments
- Teacher Lesson Plans with point-of-use resources
- Flipped Videos available to assign to students or serve as quick refreshers
