# A Correlation of Scott Foresman Reading Street, Kindergarten, ©2013 to the Oklahoma Academic Standards for English Language Arts, Kindergarten

## Introduction

This document demonstrates how **Scott Foresman Reading Street, ©2013**, meets the **Oklahoma Academic Standards for English Language Arts**. Correlation references are to the Teacher's Edition and are cited by grade, unit and page. Lessons in the annotated Teacher's Edition contain facsimile Student Edition and ancillary pages.

**Reading Street** is a comprehensive reading program that is built on solid research and prioritizes instruction for the five core areas of reading instruction for every grade: Phonemic Awareness, Phonics, Fluency, Vocabulary and Text-Based Comprehension. The foundation of the program was built by an authorship team comprised of nationally renowned authors. These include Karen Wixson, Peter Afflerbach, and P. David Pearson.

**Reading Street** is built to help teachers easily implement standards through rigor and relevance, text complexity, persuasive and informational writing, and personalized learning. A focus on concepts, language, and content area knowledge ensures that students are building that deep, transferable knowledge necessary for comprehension, and ultimately, college and career readiness.

At the heart of **Reading Street** is the goal that all students are able to comprehend on-level text independently. Students have numerous varied opportunities to meet each standard at each grade level. Among the instruction that aids in this goal is the *Read for Understanding Routine*, which includes guiding students through the main selection using structured *Access Text* instruction, as well as *Close Reading* instruction to develop students' higher-order thinking skills. *Reading Street Sleuth* encourages students to read like a detective and to use textual evidence as clues to make their case and prove it through performance tasks.

**Writing instruction and research activities** within **Reading Street** emphasize the reciprocal nature of reading and writing. This wide range of tasks integrate the skills and knowledge that students learn and practice as they read, and help students apply those skills and knowledge for various purposes.

**Reading Street's instruction for all learners** is systematic, explicit, and highly focused for all ability levels. Weekly plans and daily lessons provide small group instruction for Strategic Intervention (below level), On-Level, Advanced, and English Language Learners. **Reading Street** follows the Response to Intervention model (RtI) to meet the instructional needs of all students. It offers a process that monitors student progress throughout the year so teachers can identify struggling readers early and support on-level and advanced students. Daily support for English language learners can be found throughout the Teacher's Editions. ELL and ELD Readers reinforce the weekly concept and vocabulary while building language and fluency.

**Reading Street standards-based assessment** program integrates the standards. The *Assessment Handbook*, *Weekly Tests*, *Fresh Reads*, and *Unit/End of Year Benchmark Tests* assess the standards, student skills, and proficiencies. SuccessTracker™ provides online assessments, remediation, and teacher data management.

**Technology** within **Reading Street** echoes the same easy and manageable organization as the print resources for a seamless flexible solution. Research based technology options, such as lesson planners, etext, and online assessment enrich instruction and assist in the management of classroom learning.

**eStreet Interactive** lessons, multimedia, learning games, and study aids have a student-friendly interface that is engaging and motivating. From Decodable Readers fluency support to Grammar Jammer, it's fun to learn.
