Introduction

This document demonstrates how *myView Literacy* ©2020 meets the *EQulP Rubric for Lessons & Units: ELA/Literacy (Grades K-2)*. Correlation page references are to the Teacher's Edition and are cited by grade, unit and page references.

myView Literacy is a K-5 comprehensive, interactive literacy program that provides a balanced approach to teaching reading, writing, speaking, listening and viewing using a collection authentic reading texts and collaborative writing workshops. Competencies of 21st century thinking and social-emotional learning are taught and practiced using authentic literature, highly-engaging trade books, collaborative learning, and project-based inquiry. The instructional model follows connected reading and writing workshops that focus on teaching the critical skills and strategies students need to be highly competent thinkers, readers, and writers ready for college and career. It is designed to teach students to think carefully about what they read, discern what is relevant to them, and what is important in their world. *myView Literacy* offers a balanced instructional model with an emphasis on conceptual understandings, standards-based instruction and application through rigorous performance tasks and the workshop model.

Inspire Confidence and Collaboration

- Create opportunities for student success. Provide a supportive and nurturing environment that empowers students to become independent learners.

Focus on Balance and Flexibility

- Develop predictable routines for teaching and learning. Minilessons, small groups, and collaboration lead to a gradual release of responsibility.

Nurture Every Learner

- Spend more time coaching, differentiating, and promoting positive attitudes toward reading and writing.

I. Alignment to the Depth of the CCSS	
<i>The lesson/unit aligns with the letter and spirit of the CCSS:</i>	
<ul style="list-style-type: none"> • Targets a set of K-2 ELA/Literacy CCSS for teaching and learning. 	<p><i>myView Literacy</i> provides a strong foundation with resources to address the instructional shifts of the Common Core Standards. The <i>myView Literacy</i> program has been created to show how the materials address the Common Core State Standards for each grade with an overall progression of complexity of text, within and across grades, that facilitates students' learning of academic vocabulary, close reading and foundational skills, and further deepens content knowledge and comprehension. The basis of <i>myView Literacy</i> is a reciprocity between reading and writing, both of which are grounded in evidence, to promote student thinking and discourse as defined by the Reading, Writing, Speaking, and Listening standards. The program is carefully designed and constructed around excellent informational texts and literature to help students master the concepts they need to succeed in school and beyond. Each grade level focuses on teaching and learning the grade-level CCSS skills in meaningful content and quality context with grade-appropriate instructional methods. From the printed books to the online resources, students and teachers can choose from a wide variety of materials as they develop the important reading, writing, listening, and speaking concepts.</p>

<ul style="list-style-type: none"> • Includes a clear and explicit purpose for instruction. 	<p>The <i>myView Literacy</i> selections were chosen for their interesting content for each unit topic and because they are high-quality selections written by trade book authors. The program includes authentic literary and informational texts. Kindergarten examples include: prize-winning author of more than 75 books Christine Taylor-Butler wrote <i>From Nectar to Honey</i>; Joseph Bruchac, writer, musician, and storyteller, has published more than 120 books – many are stories from Native American history and culture; and Eric Velasquex, author of <i>Changing Laws, Changing Lives: Martin Luther King, Jr.</i>, has been writing and illustrating stories for over 30 years;</p> <p><i>myView Literacy</i> supports Reading and Writing Workshops with rigorous instruction developed to address the standards. It balances student-centered learning with teacher modeling, minilessons, and small group guidance. Not only is it flexible, but also it is creative, adapting to the needs of all levels of students. The Instructional Model (Kindergarten Teacher’s Edition pages viii-ix) includes Reading, Reading-Writing Bridge, and Writing Workshop culminating in the Project-Based Inquiry.</p> <p>Students engage in several close readings and discussions of each full-length and shorter authentic texts. Every multi-genre unit begins with a focus on a Spotlight Genre, Essential Question and Theme. From the whole group to the small group Reading Workshop, students are actively involved. Academic Vocabulary words are introduced at the beginning of each unit and revisited throughout the unit. Students preview the selection vocabulary prior to the First Read in Lesson 2 followed by the Close Read in Lessons 3 and 4. Notes for each Read guide instruction with questions to engage and connect the student to the text. After the selection students respond and analyze by giving their view of the text as well as working with vocabulary and completing the Student Interactive Developing Vocabulary and Comprehension Questions.</p> <p>See the following examples: Kindergarten Teacher’s Edition Unit 1 pages T42, T44, T45, T48-T49, Unit 3 pages T114, T117, T124, T126-T127, Unit 5 pages T172, T176, T177, T178-T179.</p>

A hallmark of the <i>myView Literacy</i> program is its integration of reading and writing using text-based approaches to comprehension that blends vocabulary, speaking, and listening skills. The program’s flexible structure meets the rigor of the standards, but allows teachers to personalize instruction. Rigor increases over the course of the year along with student autonomy. The multi-text model is strong, guiding students to become adept at forming strong arguments and citing text evidence to support opinions in discussions and writing about texts. The Kindergarten texts follow the characteristics of the exemplars and include appropriate literary texts with single levels of meaning and informational texts with explicitly stated purposes. Texts provide simple, explicit structures and contain literal language with simple themes and appropriate knowledge demands.</p>

<p>(Continued)</p> <ul style="list-style-type: none"> • Selects quality text(s) that align with the requirements outlined in the standards, presents characteristics similar to CCSS K-2 exemplars (Appendix B), and are of sufficient scope for the stated purpose. 	<p>(Continued)</p> <p>The <i>myView Literacy</i> embedded standard of rigor for all is due in part to the influence of program authors including Julie Coiro, Jim Cummins, Pat Cunningham, Richard Gómez, Elfrieda H. Hiebert, Pamela A. Mason, Ernest Morrell, P. David Pearson, Frank Serafini, Alfred Tatum, Sharon Vaughn, Judy Wallis, and Lee Wright. Challenging and engaging texts are combined with rigorous yet supported activities for all learners. What also sets <i>myView Literacy</i> apart is the Generative Vocabulary Instruction authored by Elfrieda H. Hiebert and P. David Pearson. With more complex texts, students need to be able to generate the meaning of unfamiliar words, or apply knowledge of how words work when encountering new words. Generative words are taught as networks of words, not just single words, allowing students to see the functions of words and make connections among words. With rigor being a widely validated component of motivation, <i>myView Literacy</i> provides multiple means and ample opportunity to open up access to grade-level content and beyond for all levels of learners in both whole and small group.</p> <p><i>myView Literacy</i> contains selections that are at the level of text complexity required in Standard 10 of Literature and Standard 10 of Informational Text. The chart below shows the text complexity for the anchor texts and supporting texts in each unit for Kindergarten.</p>

II. Key Shifts in the CCSS	
<i>The lesson/unit addresses key shifts in the CCSS:</i>	
<ul style="list-style-type: none"> • Reading Text Closely: Makes reading text(s) closely (including read alouds) a central focus of instruction and includes regular opportunities for students to ask and answer text-dependent questions. 	<p>The Week at a Glance: Workshop Overview page provides the same instructional plan for each selection. The lessons for an Informational Text or a Literary Text contain the same lesson sections including Listening Comprehension/Read Aloud, Genre and Theme, Shared Read, Close Read and Compare Texts questions. The Reading-Writing Workshop Bridge focuses upon Academic Vocabulary, Word Study, and Read Like a Writer, Write for a Reader for additional analysis. This reading routine structure is summarized on the Reading Workshop Instructional Model pages for each unit.</p> <p>See the following examples:</p> <ul style="list-style-type: none"> • Kindergarten Teacher’s Edition Units 1–5 pages x-xi • Kindergarten Teacher Edition Unit 1 Week 1 pages T16, T20-T41, T42-T53, T54-T57, T58-T63, T68-T69, T70-T71 for literature selection and Kindergarten Teacher Edition Unit 1 Week 3 pages T156, T160-T181, T182-T193, T194-T197, T198-T203, T208-T209, T212-T213 for informational text selection. <p>For the selections in <i>myView Literacy</i>, the First Read Strategies with discussion notes/questions and the Close Read questions in the Second Read in the Teacher’s Edition provide two types of comprehension activities. The routine introduces the text and focuses students on understanding the main ideas in the text. The Close Read sections have students examine the text closely through analyzing vocabulary and questions that guide students to Key Ideas and Details and Integration of Knowledge to extend the interpretation of the text using higher-level thinking skills. The Text-Based Discussion questions use discussion routines to direct students to discuss a deeper meaning of a section of the text. These questions require a thorough understanding of the text, and the answers are to be supported by text evidence. See the following examples: Kindergarten Teacher’s Edition Unit 4 pages T42-T43, T44, T47, T182-T183, T184, T187.</p>

<p>• Text-Based Evidence: Facilitates rich text-based discussions and writing through specific, thought-provoking questions about common texts (including read alouds and, when applicable, illustrations, audio/video and other media).</p>	<p>For each lesson in the program, the reading materials are accompanied by instruction that helps students read and comprehend the selection to master all aspects of the reading process. Focusing upon the targeted genre for the lesson, the Listening Comprehension Reading Workshop begins using the Read Aloud Routine and ending with a Respond and Analyze with students citing and discussing the text. The text-dependent and the text-specific questions in the First Read with discussion notes/questions and the Second Read in Close Read and text-based conversation/writing Talk About It/Write to Sources also promote finding text evidence in a selection. Reading Workshop Minilessons specifically target teaching all levels of students how to use text evidence effectively. See the following examples: Kindergarten Teacher’s Edition Unit 1 pages T34-T35, T45, T58-T59, T60-T61, T64-T65, Unit 2 pages T104-T105, T108-T109, T117, T204-T205, Unit 5 pages T302-T303, T310-T311, T313, T316, T322-T323, T330-T331.</p> <p>Lessons also include questions about visual information, including photographs and illustrations, charts, and diagrams. See Kindergarten Teacher’s Edition Unit 1 pages T160-T161, T177, T185, T300-T301, T326, Unit 2 pages T20-T21, T90-T91, T114, T160-T161, Unit 5 pages T20-T21, T43, T45, T175, T177, T218-T219.</p> <p>Each selection ends with students completing in the <i>Student Interactive</i> a Check for Understanding by answering comprehension questions about the lesson’s texts citing text evidence. See the following examples: Kindergarten Teacher’s Edition Unit 1 pages T119, T189, T259, Unit 2 pages T49, T189, T329, Unit 4 pages T119, T259, T329.</p>

<p>• Academic Vocabulary: Focuses on explicitly building students’ academic vocabulary and concepts of syntax throughout instruction.</p>	<p><i>myView Literacy</i> introduces transferable Academic Vocabulary at the beginning of each unit (Kindergarten Teacher’s Edition Units 1–5 pages T14-T15). Direct from literacy expert Freddy Hiebert, the leading researcher in the Generative Vocabulary methodology, instruction focuses on connections between words of similar meanings or the same morphology. Through instruction and practice, students generate more words connected to the unit Academic Vocabulary. Words are generated by meaning, word parts, and context clues throughout the week and are utilized in the context of the lesson to help students comprehend the meanings and uses of the terms. The <i>Integrate Academic Vocabulary</i> feature supports student learning at point of use. Students apply the list of words generated within the research Project-Based Inquiry during week 6. Selection Vocabulary is front-loaded to help students unlock the text, and then be discussed for thorough understanding. Close Reading sections dig deeper into the vocabulary with Vocabulary in Context. Minilessons develop vocabulary by focusing on strategies for all students to apply by guiding students through a variety of strategies to determine meaning using context clues, text features, rephrasing, reasons for word choice, a glossary, picture dictionary, a thesaurus, word webs, and synonyms and antonyms to connect the word to more words, and semantic maps to see the connections between related words. Throughout <i>myView Literacy</i>, students use transferable academic vocabulary as they utilize text to build knowledge in the disciplines.</p> <p>See the following examples: Kindergarten Teacher’s Edition Unit 1 pages T116, T118-T119, T138-T139, T188-189, T208-T209, Unit 2 pages T117, T118-T119, T138-T139, T187, T188-T189, T208-T209, Unit 4 pages T47, T48-T49, T68-T69, T117, T118-T119, T138-T139.</p>

<p>• Balance of Texts: Focus instruction equally on literary and informational texts as stipulated in the CCSS (p.5) and indicated by instructional time (may be more applicable across a year or several units).</p>	<p>All of the selections in <i>myView Literacy</i> are of high quality and fall within the prescribed grade level complexity bands described in Appendix A of the Common Core State Standards. The selections provide an equal balance of literary and informational text. <i>myView Literacy</i> has five, multi-genre units each covering six-weeks that focus on a Spotlight Genre, Essential Question, and Theme. The selections reflect a related topic or concept. Students read many genres because each text provides a unique perspective about the theme. A rich variety of literary and informational texts were chosen for these selections. Most selections are published works, excerpts from published books, or original selections created by well-known, grade-level appropriate authors.</p> <p><i>myView Literacy</i> features leveled readers written to Guided Reading levels. Leveled readers are connected to the unit themes and genres. Prompts for leveled readers match whole group minilesson instructional focus targeting text elements and structure. The <i>Leveled Reader Teacher’s Guide</i> uses leveled reader lesson plans to support: Guided Reading groups, model and teach skills and strategies, and Possible Teaching Points for differentiation with DOK levels of complexity. The <i>Small Group Guide</i> includes detailed information on the complete Leveled Reader Library and additional support for incorporating guided reading in small group time as well as progress-monitoring tools. In addition, Kindergarten teachers utilize <i>Literature Big Book Package</i> as well as Trade Books to engage learners.</p> <p>The complete Online Access to the Leveled Reader Library includes audio and word-by-word highlighting. Online Leveled Reader Support includes ELL Access Videos build background and Interactive Graphic Organizers to make reading and thinking active. Reading Spot App allows access to thousands of additional leveled readers and texts. Teachers can search for titles by Lexile® level, Guided Reading level, student interests and genre, language, and grade level. An equal balance of literature and informational texts appear in each unit and all leveled readers.</p>

<p>• Balance of Writing: Include prominent and varied writing opportunities for students that balance communicating thinking and answering questions with self-expression and exploration.</p>	<p>Writing instruction is an integral part of each lesson’s instructional plan in which students write in response to high-quality, complex texts. In <i>myView Literacy</i>, students write every day. With flexible minilessons, conferring support, and helpful evaluation tools, students will develop the skills to become independent writers.</p> <p>Beginning with the Unit Introduction through the Project-Based Inquiry, students continuously utilize the <i>Student Interactive</i> (print or digital) to read, write, and highlight. It is an idea book, practice book, and portfolio of learning. In Kindergarten and Grade 1, students write in stapled books. Mentor texts emulate the type of writing students are expected to produce. Primary students are creating the types of books they are reading which are mostly picture books. The Reading/Writing Workshops require students to use text evidence to support ideas, claims, and opinions when they respond in writing.</p> <p>The <i>Reading-Writing Bridge</i> offers teaching points to help students make meaningful connections, bringing together and illustrating the union between reading and writing. The pillars of the Reading-Writing Bridge are Read Like a Writer and Write for a Reader. The skills are integrated at point of use in the Reading and Writing Workshop.</p> <p>Each lesson includes a Writing lesson that takes students through the steps in the writing process and focuses on the traits and craft of good writing. Students use Mentor Stacks to examine traits common to the genre of text they are writing, e.g., personal narrative, or compare-and-contrast essay. Throughout each week students move through the steps to write independently: Modeled, shared, Guided and Independent Writing. Students write an argument/opinion, to write to inform/explain, or to write a narrative. During the wide variety of writing applications, <i>myView Literacy</i> supports English language learners as well as both struggling and accelerated writers.</p>

Scaffolded supports during the reading of the texts provide access to the text for those students who need more help with reading comprehension. <i>myView Literacy</i> offers rigorous minilessons to teach a close reading routine that includes reading, rereading, answering questions, and citing text evidence. Then independent activities allow all students to apply what they have learned from previous lesson supports. Teacher-led options offer flexibility and support for students to achieve and learn independently. Writing Workshop Minilesson Bank supports standards-driven writing skill development and student progress toward independent writing. The Steps to Writing Independently move from high teacher support with a gradual release to low teacher support involving Modeled, Shared, Guided and then Independent Writing. Each minilesson has options to use for Modeled, Shared, or Guided Writing. Scaffolding boosts students' confidence and skills while building a solid writing foundation. Each unit culminates with Project-Based Inquiry. The project embeds the unit theme and standards in a creative, rigorous, and authentic way. Also, students form a Book Club, a collaborative group to discuss the unit trade books or self-selected authentic texts. At each grade level, students demonstrate their knowledge of content and ability to employ various strategies through tasks that evoke critical thinking in projects, presentations, written assignments, and discussion in response to deep-thinking questions. Informative/Explanatory writing, both assigned and in response to self-interest topics, requires students to engage in research from a variety of sources. Formal assessment includes quick-response, multiple-choice items, short written response items, and extended constructed response items in response to topical prompts. All items are in response to relevant standards and planned learning outcomes. <i>myView Literacy</i> contains comprehensive ancillary assessment components. These assessments can be administered easily from the beginning of the year (Baseline Assessments) through each lesson or unit of instruction (both Formative Assessment Options, Assess Understanding and the Project-Based Inquiry). Each of the five Unit Tests assess the standards taught in each unit; every item is aligned to the standards. The Reading Comprehension section includes new passages of literary and informational text; the Writing section has students write in response to a prompt using the mode of writing in the genre of the unit. Also, Mid-Year Test and End-of-Year Test measure student progress in the grade-level standards. See Kindergarten <i>Summative Assessments</i> Teacher’s Manual.
